Technical Bulletin

Subject: **TuFlo 700 COMPRESSOR APPLICATION CUMMINS VTB-903 ENGINE TRANSIT COACH**

The Cummins VTB-903 engine is being utilized in some Flexible Transit coaches. Recently the Tacoma, Washington Transit Authority received initial delivery.

The Tu-Flo 700 Compressor used on this application is piece No. 101575. This special compressor has left-hand threads in the crankshaft to accommodate a spline drive for power steering.

Please note this information in Tu-Flo 700 Catalog Section 01-K-1, Page 16 for future reference.
